## DARTMOUTH

British Summer Time: 01:00 26 March 2023 – 01:00 29 October 2023

Between Start Point and Portland, the tidal curve gradually becomes more and more distorted, especially on the rising tide; the rise is relatively fast for the first hour after Low Water and there is then a noticeable slackening in the rate of rise for the next 1.5 hours, after which the rapid rate of rise is resumed. There is often a 'Stand' at High Water, which, while not very noticeable at Start Point, lasts for about an hour at Torquay and for 1.5 hours at Lyme Regis.
