

A condition of hire of a Dart Harbour mooring is that an agent **MUST** be appointed who can take care of your craft in all respects, this includes the movement of your craft, if and when you are unable to tend your craft yourself. This is necessary whether you live locally or if you live away from the area.

Dart Harbour will always endeavour to contact you in the first instance and will only contact your agent if you are not available. An agent is a locally based person who can act on your behalf when you are unavailable.

An emergency contact can be a friend, a neighbouring boat owner or a professional, **but they must have agreed to be your agent**. Please note that you cannot appoint a close family member such as your partner or husband/wife.

In the event of no agent being appointed and your boat needing immediate attention, Dart Harbour will request one of the contractors below to carry out the work at your expense. The following list of persons or firms known to be willing to act as agents is provided for your information. Dart Harbour has no pecuniary interest in the matter and accepts no liability for the action of such agents.

**DOWN RIVER AREAS** – Dartmouth, Kingswear, The Bight, Warfleet, Noss

**UP RIVER AREAS** – Parsons Mud, Maypool, Dittisham, Cornworthy, Bow Creek, Greenway/Galmpton, Stoke Gabriel, Totnes,
