

Babbacombe Model Village

Feel like a giant as you step through the small entrance and the vast miniature world opens up before you. Explore four acres of award-winning gardens showcasing beautiful streams and waterfalls.

The Model Village is set in a large beautiful valley and portrays a generic version of Britain through the decades with some well-known landmarks and a few twists.

There are over 400 models of houses, stately homes, factories, shops and entertainment venues, from medieval through Shakespearean to Victorian, along with some well-known monuments and landmarks.

Not forgetting, of course, over 13,000 miniature people who live in the village. A 1/12th scale model railway loops around the middle of the gardens. And don't forget to activate the fire-breathing dragon!

There is an indoor land of 30 animatronic miniature mythical characters all magically animated to bring them to life - a masterpiece of hand-crafted modelling with amazing theming, sounds and magical lighting, to immerse you into this mythical land.

- Nine-hole crazy golf included in admission price.
- Puzzling Perch is a mind-boggling optical illusion.
- Gullivers coffee shop and gift shop.
