

Sandridge Barton Vineyard

Vineyard in a south-facing bowl on the banks of the River Dart

Private Guided Tasting (1hr) offers a bespoke and exclusive tour of our winemaking facilities, where one of our team will deliver a deep insight into how we produce our wines. The tour will also include three wine samples for each guest to taste and a cheese taster to conclude the tour.

Self-Guided Tasting is an informal experience, where guests can select four wines to sample and enjoy at their table (bar snacks available).

Sandridge Barton vineyard was first planted in 2008 and has 32 acres under vine. We grow various varieties including Madeleine Angevine, Pinot Noir, Chardonnay, Pinot Gris, Bacchus Pinot Blanc and Sauvignon Blanc.
